

9 October 1969

Lakehead Amateur Radio Club

*The original minutes for the period during which Kim Fernie - VE3EFW was Secretary Treasurer are not available. This record was complied from the November 1969 issue of High-Q; Dave Bush - VE3EDG, Editor.*

On Thursday Oct. 9, 1969 another meeting of the Lakehead Amateur Radio Club was held, without breaking any attendance records.

The matter of the amalgamation of the cities of Fort William and Port Arthur and whether or not the Lakehead Amateur Radio Club should change its name in some way to include Thunder Bay. It was decided that the Club would not change its name.

The issue on the CNIB donation got nowhere fast and it appears to have been dropped.

Mr. Roy Riley put on an excellent demonstration on the subject of satellite tracking. The tapes were very interesting and Roy may bring some film to a later meeting. Thanks for the nice demonstration Roy.
